Catered Blessings aka Catered Blessings Dessert First, LLC

Catered Blessings began in the summer of 1998. Our first event was a baby shower for 90+ people. It was then that I discovered that I truly loved serving people. I also realized that while spending only a little of myself I could bring priceless joy to the hearts of my clients and their guests. We have done miraculous things from this home grown business and have enjoyed them all. Since then I have obtained my associates degree in Culinary Arts and Restaurant Management with honors. Catered Blessings may have started small, but the desire to satisfy each of our clients needs is still very big.

Catered Blessings prides itself on providing a quality product to our customer for the very best price. Once your special event has concluded we want you to feel that not only the product and service you received was exceptional, but well worth if not exceedant of the price paid for it. Catered Blessings believes each event is unique that is why we are never limited to items listed on the menu. Customizing our themed buffets and services to fit each client's specific needs and budget is our specialty. We truly believe that no event is too small and every thought when guide with inspiration can turnout to be something great.

Catered Blessings only provides food and nonalcoholic beverage services. A sales representative will be happy to help guide you in the direction of any other services not provided by us. Please feel free to dream big and we will do everything possible to make it a reality.

Thank you for considering Catered Blessings for your catering needs and God Bless.

Sincerely,
Tamara Josey
Owner and Caterer
